In re Application of :  
Kim et al. :  
Application No. 10/528,721 : **DECISION ON PETITION**  
Filed: March 22, 2005 :  
Attorney Docket No. 188232000300 :

This is a decision on the petition under the unintentional provisions of 37 CFR 1.137(b), filed November 16, 2010, to revive the above-identified application.

The petition is **GRANTED**.

This application became abandoned for failure to timely pay the issue and publication fees on or before January 19, 2010, as required by the Notice of Allowance and Fee(s) Due mailed October 16, 2009. Accordingly, the date of abandonment of this application is January 20, 2010. A Notice of Abandonment was mailed February 3, 2010.

The petition satisfies the requirements of 37 CFR 1.137(b) in that petitioner has supplied (1) the reply in the form of payment of the issue fee of \$755.00 and the publication fee of \$300.00, (2) the petition fee of \$810.00; and (3) a proper statement of unintentional delay.

Further, it is not apparent whether the statement of unintentional delay was signed by a person who would have been in a position of knowing that the **entire** delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. Nevertheless, in accordance with 37 CFR 10.18, the statement is accepted as constituting a certification of unintentional delay. However, in the event that petitioner has no knowledge that the delay was unintentional, petitioner must make such an inquiry to ascertain that, in fact, the delay was unintentional. If petitioner discovers that the delay was intentional, petitioner must notify the Office.

Additionally, the address given on the petition differs from the new address of record. A courtesy copy of this decision is being mailed to the address given on the petition; however, the Office will mail all future correspondence solely to the address of record.

Telephone inquiries concerning this decision should be directed to the undersigned at (571) 272-7751.

This application is being referred to the Office of Data Management for processing into a patent.
